

List of Approved Equivalents for UBCV ECON courses

This is a list of approved equivalents for UBCV ECON application and program requirements. This list is valid up to the end of the 2023/24 academic year. As the curriculum and the content of courses are revised periodically, the VSE reserves the right to modify the list in future years.

If you wish to inquire about approved equivalents for non-ECON courses (for example, the MATH or writing requirements for ECON programs), please contact the department offering the relevant requirement.

If the UBC course you are interested in is not listed here, you may inquire about it by contacting vse.undergrad@ubc.ca.

For non-UBC courses, you may submit an [articulation request](#).
